

INDUSTRIAL ISD

GRADUATION REQUIREMENTS

Requirements for a Diploma

To receive a high school diploma and participate in Commencement activities, a student must successfully complete the required number of credits and pass a statewide exit-level exam.

The grade 11 exit-level test, required for students in grade 11, covers English language arts, mathematics, science, and social studies and requires knowledge of Algebra I, Geometry, Biology, Integrated Chemistry and Physics, English III, and early American and United States History. A student who does not pass the exit-level assessment will have additional opportunities to take the test.

The State mandated the current exit-level TAKS test effective for school year 2003–2004; previously students had taken an earlier version of the exit-level test beginning in grade 10 that was known as Texas Assessment of Academic Skills (TAAS). Any student who was scheduled to graduate during the administration of the TAAS exit-level exam will be permitted to take it.

Graduation Programs

The District offers the graduation programs listed below. All students entering grade 9 are required to enroll in the Recommended High School Program or Distinguished Achievement Program. Permission to enroll in the Minimum Graduation Program will be granted only if an agreement is reached among the student, the student's parent or person standing in parental relation, and the counselor or appropriate administrator. The counselor can help you decide which program is best for you. [See policy EIF.]

Number of Credits

- Minimum Graduation Plan 24 1/2
- Recommended High School Program 24 1/2
- Distinguished Achievement Program 24 1/2

Please be aware that not all courses are offered at every secondary campus in the District. A student who desires to take a course not offered at his or her regular campus should contact the counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or career and technology, then for the following year the District will offer the course either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion will not be issued to a senior student who successfully completes state and local credit requirements for graduation, but fails to perform satisfactorily on the exit-level tests.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal committee, a student with disabilities may be permitted to graduate under the provisions of his or her individualized education program (IEP).

Graduation Activities

Graduation activities will include:

- Senior Trip
- Baccalaureate
- Graduation

Graduation Expenses

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year.
